How to Curl Hair Perfectly  
How to curl hair perfectly. Curling hair is one of the most popular ways to style hair and it's not surprising that even if you're not as fancy with your curl technique as I am you can still make a gorgeous curl. You can add a great amount of interest to your curls with a variety of products and how to curl hair perfectly. This is just my version of the perfect curl. I like to use a large flat iron on low heat so I don't burn my hair. I like the look of the waves. I curl from the roots to the ends. You can curl hair to any length. If you don't feel comfortable doing your own hair, you can do mine at home. Here are all the products and techniques you'll need.  
Products to Curl Hair Perfectly  
Once you have your hair in a ponytail or braid, wet the hair. Use a mousse for added volume. Use an ashy or light-hold pomade for added hold. Use a shine spray for added shine. These products don't contain any styling products and the styling products can weigh hair down. We recommend a mix of styling products for the perfect curl. You can curl hair perfectly with just products that contain less than 3% volumizing ingredients.  
Step 1  
Make your hair curly, section by section. Start at the base of your hair, below the base and start working your way up. This will help you curl hair perfectly. I like to use a flat iron on low heat so I don't burn my hair. I like the look of the waves. I curl from the roots to the ends. Curl hair to any length. If you don't feel comfortable doing your own hair, you can do
